**Temple Beth Am Day School** in Miami Florida is looking for an extraordinary 5th grade science teacher to continue the school's path of educational innovation and practice. Our large, well-equipped campus is currently bursting at the seams. We are one of the very few overflowing and still-growing Jewish Day Schools in the United States. Temple Beth Am Day School is affiliated with our Reform synagogue of over 1,500 families. Parents and children come from around South Florida to join our community because they are passionate about our nurturing environment, rigorous education, beautiful campus, and the integrity of our tradition and values. In order to accommodate this growth, we are currently building an advanced, state-of-the-art facility. Temple Beth Am Day School is an equal opportunity employer and values diversity. We offer competitive salaries, health/vision/dental insurance, retirement match, and tuition reduction for the elementary and early childhood programs.

**Primary Function:** The role of the 5th Grade science teacher is to deliver dedicated science rotations with appropriate differentiation so that students achieve the identified learning and performance objectives. The 5th grade curriculum operates within a Middle School rotational model. The teacher's broad area of responsibility is to ensure that each student may learn and flourish academically, socially, emotionally, and spiritually in a nurturing and responsive classroom and school environment. Each student, guided by the teacher, is expected to achieve at a high academic and personal level, according to his/her potential. The Classroom Teacher reports to the Elementary School Director, but with final jurisdiction of the Head of School.
